

Xennia Historic Sports 2000 Championship 2009

Historic Sports 2000 Championship

Xennia Technology Ltd will sponsor the Historic Sports 2000 Championship for the next three seasons (2009 – 2011). The championship is a dedicated series for Sports 2000 cars built between 1976 and the end of 1982. It captures the spirit of the past and the cars remain true to period. Eligibility is based on an approved Sports 2000 log book and governed by the Sports 2000 technical regulations. The original 1977 series featured many of the major British sports prototype race car manufacturers such as Lola, Tiga, MARCH, Chevron and Royale and is fondly remembered for well known sports car racers of the time such as Howden Ganley and Divina Galicia.

About the Sponsor

Xennia is the world's leading chemistry driven industrial inkjet solutions provider. Xennia provides a complete R&D contract service to support the development of fluids and print platforms for new applications. As a technology enabler, Xennia delivers inkjet production line solutions and inks to customers across a wide range of industrial markets. Xennia is part of Royal TenCate, a leading Dutch "Advanced Materials" company manufacturing aerospace composite, geo-synthetic, protective emergency response fabric and artificial grass materials. www.xennia.com

Race calendar 2009

June 6 / 7	Donington Park
July 11	Oulton Park International
August 29 / 30	Snetterton
October 2 / 3	Silverstone GP
October 17 / 18	Brands Hatch Formula Ford Festival

The format of each meeting is 20 minutes qualifying session and 25 minutes race. Four of the five races count towards the championship. There are two driver classes and this includes the prestigious "Derek Bell" trophy that is for drivers over 50 years of age. There is a further special incentive to also enter the Sports 2000 Pinto race at each meeting at a significantly reduced entry fee.

Xennia Historic Sports 2000 championship welcomes all new competitors whether new to racing or an experienced racer to the 2009 season. There are cars for sale and cars for hire. These are featured on the Sports 20000 web site.
